[+91-8979462946](tel:+91-8979462946)

## EDUCATION

---

**Bachelors in Technology (CSE) , GLA University, Mathura.**

**CGPA : 8.34**

2022-26

## INTERNSHIP EXPERIENCE

---

**Job Oriented Value Added Course in GLA UNIVERSITY, MATHURA.**

(Jun' 24 – Jul' 24)

*Competitive Programming Trainee.*

- As a competitive programming trainee, my role was to learn how DSA is used to solve complex problems.

## PROJECTS

---

**Interactive Whiteboard Pro | React, HTML5 Canvas, Rough.js, Context API**

- Developed a dynamic whiteboard application using **React** and **HTML5 Canvas** and deployed on **Vercel**.
- Managed application states using React's **Context API**, facilitating features like **erasing**, an efficient **undo/redo** system.
- Integrated essential drawing features including line, rectangle, ellipse, arrow , and text, by handling browser events logic in **Javascript**.

**Hangman Game | React.js, Zustand, React Router DOM, JavaScript**

- Developed an interactive Hangman game with single-player and multiplayer modes, featuring smooth UI and efficient state management.
- Used React hooks like useState, useNavigate, and useRef to manage game logic and navigation.

**Microblogging Backend | Node.js, Express.js, MongoDB, Multer, JavaScript**

- Developed a backend system for a Twitter-like platform, enabling CRUD operations for users, along with image upload functionality.
- Used Multer for handling image uploads and storing them efficiently. Designed RESTful APIs using Express.js for seamless client-server communication.

## TECHNICAL SKILLS

---

- Languages : Java, JavaScript, HTML, CSS
- Technologies/Frameworks : ReactJS, NodeJS, ExpressJS, MongoDB, SQL

## EXTRA/CO-CURRICULAR ACTIVITIES

---

- Member of GLAU Chess Club
- Co-ordinated Chess Competitions

## ACCOMPLISHMENTS

---

- Solved more than 500+ questions on different coding platforms
- Leetcode Contest Rating (1682)
- 4<sup>th</sup> at All India Spardha (Chess) IIT BHU
