PROFESSIONAL SUMMARY

Aspiring Software Developer and IT enthusiast with hands-on experience in building responsive web applications using React and Next.js, along with foundational knowledge of backend technologies like Node.js and MongoDB. Strong problem-solving skills with 100+ DSA problems solved on LeetCode and 20+ on GeeksforGeeks. Interested in leveraging technology to solve real-world business and IT challenges. Eager to apply software development and AI/ML knowledge to solve real-world challenges and contribute to impactful projects.

EDUCATION

GLA University, Mathura – BTech in Computer Science (AIML & IoT), 74.1%	2023 – 2027
St. Conrad's Inter College, Agra - Intermediate (12th), 84.6%	2022 – 2023
St. Conrad's Inter College, Agra - High School (10th), 84.5%	2020 – 2021

EXPERIENCE

Web Development Intern — Infotech Prodigy (Remote) Jan 2024 – Feb 2024

- Built and customized frontend web projects using HTML, CSS, and JavaScript.
- Designed responsive and user-friendly web pages for various screen sizes.
- Implemented interactive features using JavaScript to enhance user experience.

PROJECTS

TradeMind AI – AI-Based Trading Analytics Platform | [GitHub](#) | [Demo](#) |

- Developed responsive frontend using React and Next.js.
 - Built real-time stock analysis, AI-based stock advisory, and live financial news integration features.
 - Designed dashboards for trade tracking and performance analysis.
- Tech Stack: React, Next.js, Node.js, MongoDB, APIs, Git, Figma.

GigShield AI – Parametric Income Protection Platform | [GitHub](#) |

- Built an AI-powered insurance platform to automate income-protection payouts for gig workers.
 - Integrated real-time weather APIs to trigger automated insurance claims and payouts.
 - Leveraged machine learning models to predict income loss and assess risk.
- Tech Stack: React, FastAPI, Python, Scikit-Learn, Tailwind CSS, OpenWeatherMap API

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript, HTML, CSS

Frameworks & Libraries: React, Next.js

Tools: Git, Figma

Core Concepts: Data Structures & Algorithms, OOP, Problem Solving .

CERTIFICATIONS

- Microsoft Azure AI Fundamentals (AI-900)
- Technology Job Simulation – Deloitte (Forage)
- Data Analyst Micro-Experience – Skill Cred

ACHIEVEMENTS

- Cleared 2 rounds of Build With Gemini Hackathon; Selected to showcase the project at Delhi University.
- Showcased the Project at Project-X (Technical Fest) held in Gla University itself.
