LinkedIn: linkedin.com/in/yourprofile | GitHub: github.com/yourprofile

B.Tech CSE (AI & ML) Student | Aspiring Data Analyst / Python Developer

SKILLS

Programming: Python (NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn, Flask), Java

Data Analysis: Pandas, NumPy, Power BI

Visualization: Matplotlib, Seaborn, Power BI

Web Development: HTML, CSS, Flask

Database: MySQL

PROJECTS

Student Performance Dashboard (Power BI)

- Built an interactive dashboard to analyze student performance data using KPIs and filters
- Identified trends and insights to support data-driven decisions

Basic Web Application (Flask)

- Developed a web app with backend logic and routing using Flask
- Designed responsive frontend using HTML and CSS

EDUCATION

B.Tech in Computer Science (AI & ML), GLA University, Mathura — Pursuing

12th (Intermediate), Mukund International School — 62.4%

10th (High School), Bishop Conrad School — 82.4%

CERTIFICATIONS

Microsoft Azure AZ-900 (Azure Fundamentals)

Microsoft Azure AI-900 (Azure AI Fundamentals)

LEARNING & INTERESTS

- Exploring Machine Learning using Scikit-learn
- Practicing data analysis and visualization with Python libraries
- Improving problem-solving skills through projects

PROFESSIONAL SKILLS

Communication | Teamwork | Problem Solving | Time Management
