Education

GLA University	Mathura
B. Tech CSE (Artificial Intelligence & Machine Learning)	September 2022–August 2026
CGPA: 8.42	
Shri ji Baba Saraswati Vidya Mandir School	Mathura
PCMB Intermediate	May 2021–May 2022
Percentage: 87%	

EXPERIENCE || VALUE ADDED COURSE

Cloud Engineer	Meridian Solutions August 2025 – Present
- Deployed and managed multiple production-grade applications on AWS, improving system availability and load performance. - Provisioned and maintained EC2 instances, S3 buckets, VPC networking, IAM roles, and CloudWatch monitoring, ensuring secure and optimized cloud operations.	
Machine Learning Internship	Intern Orbit March 2025 – April 2025
- Built end-to-end ML models using Random Forest, and Logistic Regression on 3+ real-world projects, achieving 92% accuracy. - Boosted model training speed via efficient data prep and feature selection using Pandas and Scikit-learn.	

Teaching Assistant	Coding Blocks June 2025–July 2025
- Mentored students in DSA using Java, focusing on core concepts (OOPS, Linear and Non-linear Data Structure), problem-solving, and interview preparation. - Resolved doubts, reviewed assignments, and supported hands-on learning through live sessions.	

SKILLS

Libraries/Frameworks:	TAILWIND, React, Express JS
Databases:	SQL, MongoDB
Soft Skills:	Teamwork, Leadership
Cloud:	AWS, GCP
Programming Languages: Java, Python, Machine Learning, JavaScript	

PROJECTS

Medi Tracker App	Individual Project February 2024–April 2024
- Built a responsive healthcare platform to manage prescriptions and patient records using the MERN stack. - Integrated a smart reminder system to notify patients about their medication schedules for better adherence.	
Multi-Factor Authentication System	Team Project June 2024–August 2024
- Designed and engineered a secure MFA system using the MERN stack, enhancing authentication reliability and user security. - Integrated time-based OTP (TOTP) validation with Speakeasy and Google Authenticator for robust multi-factor authentication.	

CERTIFICATIONS

AWS Certified AI Practitioner	-AWS
Oracle Certified Java Foundation	-Oracle
AWS Certified Solution Architect	-AWS
Full Stack Development(MERN)	-Shraddha khapra

ACHIEVEMENTS/EXTRA ACTIVITIES

- Coordinated the IBM ICE Day event at GLA University to promote innovation and collaboration among students and industry experts.
- 500+ Questions Solved, 1718 contest ratings on LeetCode.
- Earned Several certificates from Udemy and Coursera in Java, DSA, ML, Deep Learning, React.

DECLARATION

I hereby declare that all the above-mentioned information is true and correct to the best of my knowledge.
