EDUCATION

Bachelor of Technology in Computer Science, GLA University, Mathura, CGPA 8.17

June 2026

Intermediate, High School GDPS School, Aligarh, Percentage 82%, 88%

May 2020-2022

INTERNSHIP/ TRAINING EXPERIENCE

Job Oriented Value Added Course Machine Learning and Data Science

June 2023 – July 2023

- Domain of internship :- Meteorology and Predictive Analytics.
- Developed and implemented machine learning models for Rainfall Prediction Model.

PROJECTS

- **Zero2Hero:** AI-Powered Waste Management and Soil Enrichment System May 2025 -June 2025
- Designed an AI-driven platform to classify waste as biodegradable or non-biodegradable and verify collection through image recognition.
- Integrated soil analysis pipeline to recommend optimal biodegradable waste usage for soil enrichment, promoting sustainable agriculture.
- **Tech Stack:** Python, Flask, TensorFlow, MongoDB, React.js
- **Food Ordering webapp:**
- Developed a food ordering web application using the MERN stack with separate interfaces for customers and restaurant owners.
- **Tech Stack:** React.js, Node.js, MongoDB
- **Google Translation Clone:** Developed a Google Translation clone with text translation functionality using APIs, including the ability to extract text from images and translate it seamlessly.
- **TechStack:** Next.js, MongoDB, APIs.

SKILLS

Technical Skills: Machine Learning: Python, TensorFlow, PyTorch, Scikit-Learn, NLP , .

Data Analysis: Time-Series Analysis, Data Preprocessing

Programming: Python, SQL, NoSQL (MySQL, MongoDB)

Data Engineering: ETL Pipelines, Data Ingestion, Data Transformation, Batch Processing, Data Modeling (Basics)

Data Visualization: PowerBI, Matplotlib, Seaborn

Tools: VS Code, IntelliJ IDEA, Excel, Pandas, NumPy

Soft Skills: Problem Solving, Quick learner.

PROFESSIONAL ACHIEVEMENTS/ INSIGHTS

- **Microsoft DP-700:** Designing and Implementing Microsoft Fabric Solutions Certified.
- **Solved 350+ questions** based on Data Structures and Algorithms on **Leetcode, Codechef.**
- **Argmax Business** Certification in **Data Science and Machine Learning.**
- Certification on **Excel. Micro-experience** by **RIVIGO** (building a model for identifying inaccurate weight and volume measurements in E-Commerce Box Pick-up).
- Certification course by **Tata on Data Visualization: Empowering Business with Effective Insights Job Simulation** from **Forage.**

DECLARATION

I hereby declare that all the above mentioned information is true and correct to the best of my knowledge.
